

PTA Student Directory Information Form

To keep us all connected, the PTA strives to provide a complete and accurate school directory each year both online and in print. To that end, the PTA asks each new student family, including preschool, kindergarten, and other new-to-CPES families, to please complete their directory information. There are two ways to do so:

1. Go to <https://cpes-pta.org> and create your user log-in at which time you will be prompted to verify your directory information and preferences.
2. Complete this form and return to the school office, or save and email it to Membership@cpes-pta.org.

This information will be included in both the online and hard-copy student directories which are distributed to student-families and staff only. If you wish to provide only partial information, please leave the section blank. If you do not wish for your child to be included in the student directory, check the "Do Not Publish" box.

Please PRINT clearly.
